Dear Friend!

In this month we celebrate 69 the anniversary of liberation of Szczecin from the Nazis so I'd like to share with you my thoughts about The Second World War and Szczecin.

I think the WW2 was the worst war has ever happened because there were 72 million victims. Every day people were humiliated and starved.

After WW2 my hometown-Szczecin was totally destroyed. Most of the buildings were demolished. People didn't have any work because all the factories were bombed. Also the Pomeranian Duke's Castle was ruined. Before the WW2 in Szczecin the Steam Room and health resort were located, but the Nazis destroyed them.

The WW2 changed my city into ruin, but on the other hand it united people in Szczecin because they had to work together to rebuild the city.

I hope it was interesting to you. Write me something about your city.

Love
